## **Description**

A Rare Opportunity to Own the New LEKKER 45. Be among the first in the United States to own LEKKER's latest evolution, the all-new 45-foot model scheduled for March 2026 delivery. The 44 model walked so that the 45 could run. This is your chance to be part of LEKKER history while still having the opportunity to make this vessel uniquely yours.

The LEKKER 45 represents a significant leap forward from the celebrated 44, offering 20% more interior space, 34 strategically placed cupholders, a larger swim platform (extended by a full foot to 1.6m), and thoughtful design improvements like the new iconic X-grille, step-in bulkwalk for easy access, and an enlarged aluminum hardtop.

Already spec'd with an impressive array of premium features including twin Volvo Penta D6-480 DPI sterndrives with joystick docking, Seakeeper stabilization, Webasto air conditioning, electric hi-lo tables, dual 19" Garmin screens with cinema package, and even Starlink connectivity.

Finished in sophisticated Graphite Grey with Coconut cushions and Biscuit teak with black seams, this brand-new vessel will arrive at your dock with a full factory warranty, and the latest innovations from one of Europe's most respected performance dayboat builders. Don't miss this opportunity to skip the 18-24 month wait list and secure the newest LEKKER model as the first person on the side of the Atlantic to own this sleek and exceptional 45 foot boat.

## **Key Features**

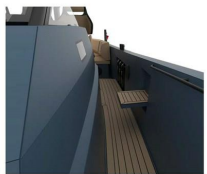

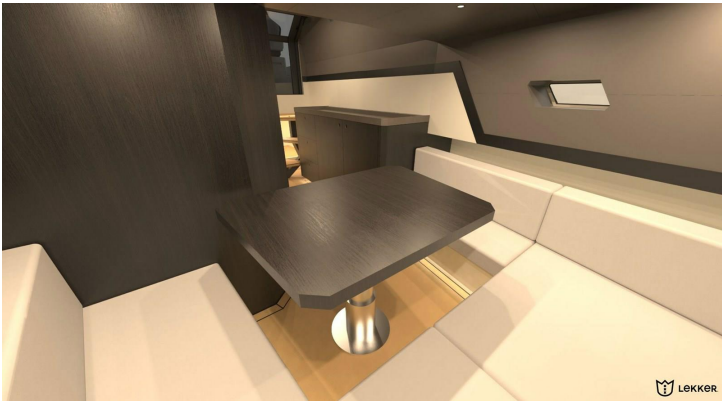

- Be among the first to own the all-new LEKKER 45 model in the US
- Brand new March 2026 delivery with full factory warranty
- 20% more space than the 44 - significantly larger interior than the 44 with smarter layout
- Customization available - still time to personalize select options and finishes
- Twin D6-480 DPI Volvo Penta sterndrives (480hp each)
- Fully equipped with Seakeeper, A/C, 19" Garmin screens, Starlink, cinema package, electric tables
- Design upgrades include new X-grille, step-in bulkwalk, larger swim platform, bigger hardtop
- New build without the 18-24 month build wait time
